### Road to 10

Available on the [Provider Resources](#) page of [www.cms.gov/ICD10](http://www.cms.gov/ICD10), the “Road to 10” tool is an online resource built with the help of providers in small practices. This tool is intended to help small medical practices jumpstart their ICD-10 transition and includes specialty references, webcast series, and the capability to build ICD-10 action plans tailored for their practice needs. Watch this [brief video](#) for an explanation of the benefits of ICD-10 and an overview of the “Road to 10” tool.

### ICD-10 Email Update Messages

CMS distributes regular [Email Update messages](#) with information about ICD-10. Past messages include:

- [ICD-10 Testing Opportunities for Medicare FFS Providers](#)
- [Deadline for ICD-10 Allows Health Care Industry Ample Time to Prepare for Change](#)
- [CMS Releases ICD-10 Training and Preparation Webcast](#)

### Medscape Education Modules

Medscape Education Modules offer an overview of ICD-10 tailored for small practices. Continuing medical education (CME) and continuing education (CE) credits are available to physicians and nurses who complete the learning modules, but anyone with a free account can take them and receive a certificate of completion. Modules are available on the CMS ICD-10 website.
